

**Kids.
Don't you
just love
them?
Obviously
not.**

As you know, children can pick up more than a great education at school. The average classroom is a breeding ground for germs, bacteria, spores and viruses, never mind the changing rooms and toilets.

The only way to keep these areas truly clean is to use **STERI-7**, a specialist multi-function biocidal cleaner that helps you save money as well as giving you the peace of mind that comes from knowing that you're giving your little charges the best biocidal protection on the market.

STERI-7 wipes out
